ENDEAVOUR PAR EXCELLENCE

ENDEAVOUR PAR EXCELLENCE

St. George College of Management, Science & Nursing aims at providing best possible opportunity to students aspiring for academic excellence. It is aptly supported to realize its goal by efficient staff both teaching and non-teaching. With the state of art infrastructure in place, an encouraging ambiance is evolved for students to acquire updated information and knowledge.

The campus at OMBR Layout, Banaswadi, Bangalore, India is though compact yet exhibits a versatile and cosmopolitan atmosphere where the students find stimuli of the positive kind to encourage holistic learning. Established to serve the cause of education in 1998, the college has grown both in stature and reputation, a name counted among the best in the city. While curriculum is of paramount importance, we emphasize equally on co-curricular and extracurricular indulgence of students as an important and indispensable tool for total mind and body development.

The indoor space devoted to intense academics is carefully planned in order to ensure comfort and care to satisfy the student's physical and intellectual requirements. Modern teaching aids are provided to facilitate easy grasp of the subjects.

Extra curricular activities

St. George College of Management, Science and Nursing also focuses on the healthy and wholesome development of its students by providing opportunities for both outdoor and indoor games and sports activities.

Cafeteria

A fast food center is functioning in the campus apart from a mess. This takes care of the students' need for snacks and soft drinks at reasonable rates.

Resident halls

The institution has modernized and well furnished hostels for boys and girls separately. Students from all over India, sharing rooms and amenities with each other help promote a feeling of unity and national integrity

Augmenting the classroom and laboratory learning in a tranquil atmosphere is at its best in the college library. The library provides a vast and comprehensive collection of books, research journals and periodicals to enrich the inquisitive mind.

We have a spacious, fully air-conditioned and well-planned computer lab with the latest hi-tech configuration of hardware and software. State – of – the – art laboratories fully equipped to train the students in the frontier fields of Biotechnology and Microbiology are maintained for use of students.

Career guidance and placement

St. George College is one of the recognized institutions that provide placement and career guidance to the undergraduate and post-graduate students. A placement cell operating in the campus is dedicated to look out for job prospects through regular contact of corporate to secure right positions for the outgoing students. These efforts commence from the date of admission and continue thereafter every year.
